

Images de l'histoire universelle

Gérard de Nerval et Ugo Foscolo

Publication type: Article from a collective work

Collective work: [Nerval et l'Autre](#)

Author: Moiola (Aurélie)

Abstract: This article compares the works of Nerval and Foscolo which reflect on the state of the natural and social world following revolutions. Although neither writer had read the other's work, both draw on a cyclical and catastrophic vision of universal history, inherited from Vico.
