La Bohême galante *suivie de Petits châteaux de Bohême*

Publication type: Book

Author: Nerval (Gérard de)

Scientific editor: Illouz (Jean-Nicolas)

Abstract: By evoking the memories of the impasse du Doyenné, Nerval participates in the invention of "bohemian life," destined to become a literary myth. He also composes a poetic and autobiographical journey that foreshadows the one in Aurélia. This reference edition illuminates the texts in light of the most recent Nerval scholarship.
