

Les lettres de Catherine de Médicis

Une source négligée par les historiographes de la langue française

Publication type: Article from a collective work

Collective work: [Nouvelles voies d'accès au changement linguistique](#)

Author: Scharinger (Thomas)

Abstract: This paper deals with the influence of Italian on sixteenth-century French. Based on a qualitative analysis of 120 French letters written by Caterina de' Medici, the study reveals numerous interferences, in particular on the lexical level, which confirm the observations made by sixteenth-century purists such as Henri Estienne.
