

Life in form of lottery

Publication type: Journal article

2021, n° 32. varia

Author: Latreille (Emmanuel)

Abstract: The last text by Rimbaud, read out to Isabelle, associates a collection of “teeth” and a double request (changing services, take a boat). Not a delirium: out of a counting and semantic game playing with signs (numbers and letters) appears a philosophy of life in which contingencies and encounters sustain the expression of a shared desire, and its abandonment by everyone.
