Publication type: Book

Scientific editors: Bouhaïk-Gironès (Marie), Koopmans (Jelle), Lavéant (Katell)

General director: Koopmans (Jelle)

Abstract: This volume contains soties from the *Recueil de Rouen* (c. 1570) taken from the *La Vallière* collection, as well as isolated soties, which serve as exceptional examples of the protean theatrical practices of the fifteenth and sixteenth centuries, an impressive melting pot of spectacular experimentation that defies the history of the theater.
