

La guillotine, n'est-ce que ça ?

Publication type: Article from a collective work

Collective work: [Relire *Le Rouge et le Noir*](#)

Author: Crouzet (Michel)

Abstract: This article studies the handful of lines which make Julien Sorel's execution a happy and poetic event. How has the character reached this force of affirmation, strength, and unity with himself which renders him impassive and indifferent, and which makes his courage equal to the guillotine?
