

La scène érotique du *Rouge*

À propos d'un mot étrange de Marguerite Duras

Publication type: Article from a collective work

Collective work: [Relire *Le Rouge et le Noir*](#)

Author: Vanoosthuyse (François)

Abstract: This article seeks to understand a comment by Marguerite Duras about Stendhal, in which she claims that he is "without sex". Sex is veiled in *Le Rouge et le Noir* but it is at the very heart of its being, interfering with the principal theoretical, psychological, and sociopolitical concerns.
