2024 - 1, n° 19. [La biographie de Proust : mises au point](#)

Author: Chaudier (Stéphane)

Abstract: This issue can be approached along either ethical or aesthetic lines. The ethical path is valuable for the study of characters; the aesthetic path relates to the discourse of a narrator-*cum*-theoretician who speaks for the author. Are both lines of approach strictly parallel, never to intersect? Are they also disconnected from the political and religious position of Marcel Proust the writer?
