

An Article by Maurice Leenhardt

Rereading, a Hundred Years Later, “Notes on the Translation of the New Testament in Primitive Language”

Publication type: Journal article

Journal: [Revue d'Histoire et de Philosophie Religieuses](#)
2020 – 1, 100e année, n° 1. varia

Author: Rognon (Frédéric)

Abstract: A century later, the article published by Maurice Leenhardt in the RHPR on “the translation of the New Testament in primitive language” doesn’t refrain from questioning the reader. Though marked by heavy presuppositions, it represents a decisive turn in the intellectual itinerary of its author, as well as in the history of ethnolinguistics and translation. A double contextualisation hence allows to grasp its singularity as well as its challenges.
