Publication type: Journal article

2020 – 2, 100^e année, n° 2. varia

Author: Arnold (Matthieu)

Abstract: As early as 1926, the RHPR published, mostly in French, articles by German authors. This publication was the result of a voluntarist policy of the RHPR, anxious to be “a link between German and French theology” (O. Cullmann). In addition to these articles, which deal mainly with the New Testament and the history of the Reformation, the RHPR has published hundreds of reviews of German works in all theological disciplines.
