

## The Question of Rationality in Søren Kierkegaard

Publication type: Journal article

Journal: [Revue d'Histoire et de Philosophie religieuses](#)  
2022, 102e année, n° 1. varia

Author: Bord (Jérôme)

Abstract: This study defends a particular conception of rationality in Kierkegaard's work, which has too often been considered as an example of irrationalism or even fideism. We investigate what the term "reason" refers to in Kierkegaard's work, a "reason" which must be, as he writes, "crucified" in faith. In this way, we map the specifically Christian rationality in Kierkegaard's work - imprudent because it is essentially prudent.
