

## Author dictionaries: Questioning methods and theories

Publication type: Journal article

Journal: [Revue d'Histoire littéraire de la France](#)  
2 - 2024, 124e année, n° 2. varia

Author: Bordas (Éric)

Abstract: The alphabetical classification that defines the presentation of an author dictionary should not eclipse the significant theoretical questions that concern the preparation of these companions, which aim to offer an accessible synthesis of what is known about an author, from the conceptualization of this knowledge to its material presentation. This volume provides a “discourse on the method.”
