

## ***Paulina 1880*, une « fable mystique »**

Publication type: Article from a collective work

Collective work: [Roman mystique, mystiques romanesques aux xx<sup>e</sup> et xxi<sup>e</sup> siècles](#)

Author: Bonhomme (Béatrice)

Abstract: Pierre Jean Jouve's novels rest upon a relationship in which may be deemed imaginable, in the midst of violence and melancholia, the chance of some reenchantment and a return to the divine. *Paulina 1880* is an Italian chronicle that mingles carnal love with mystical love. It allows a hybridisation of novelistic and poetical manners and recovers the secret meaning of a search for the absolute, though it is in sacrifice and death that this paroxystic initiation will come about.
