

Comics and video games

Sequential narration in the service of the ludic experience?

Publication type: Journal article

Journal: [Romanesques Revue du Cercll / Roman & Romanesque 2021, Hors-série. Jeu vidéo et romanescque](#)

Author: Perget (Florent)

Abstract: Comics and video games may have heavily influenced one another, but adapted works rarely transpose the codes and specificities of their source media. By examining several video games, we will question the appropriation of the peculiarities of comics by video games, and then show how the latter manage to transpose the sequential narration of comics.
