Essai sur l'histoire de l'éloquence dans l'Ordre des Frères Mineurs au XVI^e siècle

Publication type: Book

Author: Mouchel (Christian)

Abstract: Approaching the study of the Friars Minor by examining its orators, this work sheds new light on religious eloquence in the sixteenth century. It gives us a better understanding of the history of an order that wanted to remain the fulcrum of the Roman Church, from its role supporting the papacy to its internal divisions.
