

## Boulainvilliers et l'islam

Lumières théologico-politiques de l'altermodernité

Publication type: Article from a collective work

Collective work: [Rousseau, les Lumières et le monde arabo-musulman. Du XVIII<sup>e</sup> siècle aux printemps arabes](#)

Author: Citton (Yves)

Abstract: This article reinterprets Boulainvilliers' *Life of Mohamed* as providing a suggestive articulation between the religious and the political, quite different from the mainstream view of an anti-religious French Enlightenment. This Spinozist theologico-political conception leads us to shed a different light on Rousseau's ideas on religion, as well as on an apparently very distant thinker like Muhammad Iqbal.
