Servitude et grandeur militaires

Publication type: Book

Author: Vigny (Alfred de)

Scientific editor: Germain (François)

Abstract: This atypical work blends historical facts, personal memories, moral reflections, and fiction. Over the course of these three short stories, Vigny offers a reflection on the vicissitudes of military life that make the soldier, imbued with a sense of honor, an “outcast” in society in the same way as the poet.

Number of pages: LXXXII - 361
