

Style(s) de (la) bande dessinée

Publication type: Collective work

Editors: Berthou (Benoît), Dürrenmatt (Jacques)

Abstract: Talking about the style of a comic is problematic: how does one talk about what is presented as a mode of singularization in the framework of a generally collective practice? How does one take into account the fundamentally polymorphic nature of the ninth art? What specific elements should be considered and how does one describe them?

Number of pages: 428

Parution: 07-31-2019

Collection: [Comparative Perspectives](#), n° 84
