

Sur les routes que j'ai parcourues

Publication type: Book

Author: Marck (Charles)

Scientific editor: Pigenet (Michel)

Abstract: Charles Marck's memoirs bear witness, with great freshness, to a working-class existence and militant practices in the heyday of revolutionary unionism. In addition to the rarity of such accounts, there is the singularity of an itinerary that led the author from the quays of Le Havre to the top of the CGT.
