

Incomprehensibility Reduced

The Digitization of Balzac Resources

Publication type: Journal article

Journal: [The Balzac Review / Revue Balzac](#)
[2021, n° 4. L'édition / Publishing](#)

Author: Briggs (Thomas W.)

Abstract: While it is impossible to digitize or understand everything, we are still enormously privileged compared to our predecessors. We can make digitized trips to libraries, museums, and (with a credit card) bookstores around the world. Even counterfeits can be useful to us. Now the digitization of resources on Balzac as well as those by Balzac can help us better understand and interpret the text.

Pages: 99 to 117
