

Introduction

Publication type: Journal article

Journal: [The Balzac Review / Revue Balzac](#)
[2023, n° 6. L'adaptation/Adaptation](#)

Author: Watts (Andrew)

Abstract: Adaptations of Honoré de Balzac's work continue to proliferate in various media. But interest in adapting Balzac's fiction is by no means new. This introduction argues that Balzac was himself a writer who adapted. It also asks how theoretical models such as intermediality can contribute to our understanding of Balzac and of adaptation as an artistic practice.

Pages: 15 to 28
